

Privacy Policy for Corona Warrior Video Game

This privacy policy governs your use of the software application Corona Warrior ("Game") for mobile devices, Desktop, PC's and other gaming devices that was created by Rubarion Inc.. The Application is a simple 2D game where a human is fighting for his life against a bunch of Corona Viruses showering down upon him. He can collect masks and vaccines to enhance his protection against the virus or he can collect soap and sanitizer bottles to blast the viruses out of existence. This game in a simple and fun way, gives an accurate visualisation of the gruesome battle against the COVID pandemic that all of us have been waging for more than two years now.

What information does the Application obtain and how is it used?

User Provided Information

This game offers Leaderboard where the top ten best scores along with the names of the players who scored them, from across the world is displayed both publicly on an external third party website("Liluo" <https://liluo.io/>) and also in the game upon request from the user. Upon completion of the game, each user is presented with an option to submit their scores, by entering a name of their choice. Should they choose to go for that option, and if the score they obtained falls within the top ten scores, then their score along with the name they entered is passed on to the third party service, so as to be added as part of the game's Official Leaderboard. Apart from this, no other data in any form is received or collected from the user.
